About

I am a 2nd-year Computer Science & Engineering student at REVA University with a strong foundation in core computer science principles and hands-on programming. Currently, I am expanding my skills in full-stack web development, working actively with Python, JAVA, C++, Git, and GitHub for project version control. I am looking for a summer... more

About

I am a 2nd-year Computer Science & Engineering student at REVA University with a strong foundation in core computer science principles and hands-on programming. Currently, I am expanding my skills in full-stack web development, working actively with Python, JAVA, C++, Git, and GitHub for project version control. I am looking for a summer software engineering internship where I can contribute to real-world codebases, collaborate with experienced engineering teams, and refine my technical skills.

Computer Science & Engineering Student | Aspiring Backend Developer

Currently pursuing my B.Tech in Computer Science and Engineering at REVA University with a strong focus on core CS fundamentals, data structures, backend engineering, and machine learning.

Active participant in hackathons (such as Smart India Hackathon and Into the Scrape-Verse) and hands-on technical workshops. Passionate about leveraging Python, Java, C++, and AI technologies to build scalable, real-world...
